MatchPlay II (Quick Court)

DESCRIPTION	Heavy Duty sand-dressed synthetic tennis surface
PILE CONTENT	100% UVS Polypropylene
PILE WEIGHT	1370gsm
TOTAL WEIGHT	1712gsm
TOTAL THICKNESS	12mm
STANDARD WIDTH	4.1m
ROLL LENGTH	To Order

- **Upgrade**
Ideal for enhancing and renewing old or worn hard porous courts that have fallen into disrepair.
- **Stability**
The scrim-reinforced surface remains flat and in contact with the sub-base for the playing life of the installation.
- **Multi-Sport**
Surface can be used for netball, basketball and other recreational sports. Preferred sand dressed surface for netball.
- **Inlaid Line Option**
Lines can be permanently inlaid in white, yellow, red and blue.
- **Player Friendly**
In-built cushion makes for medium-paced play and is easy on player's leg joints.
- **Greater Seam Strength**
Fully integrated fibre backing gives greater seam strength.
- **Fast Installation**
Manufactured in kit form, 4.1m wide to minimise post-delivery work required.
- **Low Maintenance**
Can be cleaned with power washes and solutions or deep brushes. Inlaid lines require minimum maintenance thus reducing on costs.
- **Added Value**
All weather usage maximises playing time and increases revenue potential.
- **Guarantee**
Installations can be guaranteed for 5 years and extended with use of approved Play-Rite installers. Quality assured to British Standards.
